

## TPR Ending Reports

TPR Ending Reports are posted to the HFG Store Hub every Friday by 12:00 PM. The report includes all TPRs scheduled to end 11 days from the report date.

### Requesting an Extension

Stores must review the report and choose one of the following:

- Highlight all TPRs that should be extended.
- Delete all TPRs that should not be extended. All remaining TPRs will be extended.

Save the completed report and email it to [pricing@houchens.com](mailto:pricing@houchens.com).

### Deadline

TPR extension requests are due Wednesday by 2:00 PM, five days after the report is published.

Requests received by the deadline will be extended and new tags requested for the next tag cycle. Requests received after the deadline can still be extended, but the store will be responsible for creating temporary tags.

### TPR Extension Rules

- TPRs may be extended up to two times. Additional extensions require Regional Manager approval.
  - If a third extension is needed, The RM and Category management will work towards an aggressive TPR to allow sell through of the product.
  - These will be loaded as HOT BUYS/ INSTORE TPR to sell through, once pricing expires, pricing will revert back to AD, TPR, or Regular Retail.
- Extended TPR's will be loaded as a TPR. Stores will need to maintain weekly TPR Ending Reports until the product is no longer on display, therefore not needing a TPR.

### Questions/Feedback

Please provide [pricing@houchens.com](mailto:pricing@houchens.com) with any feedback or questions. Please provide as many details as possible so that proper research can be completed

1. This column shows the store's current TPR, this will be the TPR price that will be extended
2. This column will show any future TPR's that is currently set up for that store, this TPR will override any extension that may be requested.
3. This column is the TPR Identification. This identifies why the current TPR is in place.
  - a. Playbooks
  - b. RHC/FM TPR Requests
  - c. Leadership pricing change
  - d. Vendor Contracts
